

2020 PRODUCT GUIDE
THE ACTIVITY PACK COLLECTION

What's Your Color?

Little girls want to paint their nails just like mom, but regular nail polish is highly toxic and not safe for young children. Mom's everywhere are looking for a kid friendly, acetone free, nail polish alternative and Bo-Po has them covered.

Bo-Po Activity packs feature the addition of themed nail decals to match any mood or style. Create unique mini works of art then peel them off to start all over again.
